13	The Final Protocol: The Truth about South Africa: There is no Freedom: A Need for Justice	13

SPECIAL NOTE: South Africa has been destroyed in only 29 years by Communism, Tribalism and the ANC with an alliance of Communist partners. It has been destroyed by Class Warfare; and discrimination against minorities in a process of intolerance to others - and Black African **Babylonian Democracy**. The only solution is to restore this Justice system, remove the parliament of 400 – and prosecute them in **The Second House** – The Voice of Truth, Justice and Righteousness – *Amos 5:15-24*. South Africa needs that Anguish; Righteous Anger - and a Righteous Indignation at the silence of this parliament and the silence of The Church to the killings, destruction and also a plundering of the public purse and Treasury. South Africa needs **The Second House** and law of the land; and not Admiralty, Maritime or Law of the Sea! The Khoi San First Nation People are the only hope for our country and it is the South African Cape Corps of 1781 that can even hold a Court Martial for the war crimes and the **TREASON!**

THE ENEMY: THE DARKNESS OF THE MIND! South Africa needs to get angry at the corruption, communism and the cadre deployment and the centralised control of the justice system and the destruction of 275 municipalities and 701 State-managed enterprises. The country and the economy have been destroyed; and all the people who unjustly enriched themselves at the expense of the country, people, poor and the vulnerable must pay for this in that justice system that is not corrupt, compromised or centrally controlled. South Africa needs a **Second House** – that is the **JUSTICE** – and it must be led by patriots and capable and ethical leaders that have a **moral compass!**

South Africa is the result of **HUMANISM** – and a Biblical Warning has not been heeded by ANC – *Psalms 2:1-11!*

“He knows not how to rule a kingdom, that cannot manage a province; nor can he wield a province, that cannot order a city; nor he order a city, that knows not how to regulate a village, nor he a village, that cannot guide a family, nor can that man govern well a family that knows not how to also govern himself, neither can any govern himself unless his reason be lord, and his will and appetite his vassals; nor can reason rule unless herself be ruled by Almighty God - and wholly be obedient to Him.” – Hugo Grotius. South Africa must reclaim her **SOVEREIGNTY** and take back all surrendered ground - for **Almighty God!**
