Dear Advocate Mabel Jansen

The following information is respectfully provided in order to compile a written Notice to the Office of President of South Africa; the Cabinet of 28; and the parliament of 400. The National Peace Commission was established in March 2019 to hold this Communist Government accountable for their crimes against humanity, - human rights and abuse of entrusted power in the past 29 years. There comes a time in history when the government must be held accountable for their acts, omissions and actions and we have been deceived, betrayed, divided by this ANC pernicious parliament and corrupt and inept cabinet. They have misled us - and been slaves to a powerful global element in the United Nations, World Health Organisation and the World Economic Forum since Codesa in 1990.

They have embraced **The 1848 Communist Manifesto** and the *Saul Alinsky* Plan to create a Communist State – and the *10 Rules for Radicals* and *8 Levels of Control*. We have been kept ignorant, poor and dependent upon an ANC/SACP/Cosatu/EFF alliance since April of 1994 and we have become a Welfare and Police State and this can no longer be opposed, disputed, denied or ignored. The American public and leadership were betrayed by their politicians - but eventually the 9/11 World Trade Centre **TRUTH** was recently exposed by patriotic leaders and it was also a crime against humanity, human rights abuse; and abuse of power by the president and those who are warlords in Washington and money lords in London. We want to expose the evil - and restore justice in our land!

It has taken American citizens more than 22 years to expose their government for this World Trade Centre **LIE from THE PIT OF HELL** – and their families have been steadfast and tenacious and it has taken righteous anger; righteous indignation; anguish and anger to change their belief systems as they sought the truth. They were all misled to believe that high rise buildings do collapse – *symmetrically collapse* – at the impact of a Boeing plane. It took years of research to discover that Nano-thermite – produced by the U.S. Military – was used to destroy 3 high-rise buildings. It was discovered that *controlled-demolition; impact-synchronised explosions* were used - in this destruction. They discovered underground explosions and this U.S. Military Grade weapon was used by the people in *secondary underground explosions*. The planes were only a diversion to mislead the people in a 9/11!

South Africa has been betrayed and deceived by a puppet Communist Shadow Government since 1994; and it is the politicians since *Cecil John Rhodes* as the architect of the *New World Order* in 1875 – as the prime minister of the Cape Province. It is time to expose the evil and restore the **Hammer of Judgement**. South Africa has a long or protracted history of perpetual war, lawlessness, violence - and *Communist Liberation Revolution* since the SACP arrived in our country in 1921. It has taken more than 34 years of meticulous research; and 16 years of planning; and 7 years of patient preparation waiting for the perfect timing. We believe it is the perfect time for **TRUTH** and the people must be set free from these chains of **The Communist Hammer**. It is time to remove this ANC regime; and this pernicious parliament - for their acts, omissions, actions and silence to this communist threat. We are in fact perfectly positioned to hold this parliament of 400 accountable. They must all be removed at a new **Codesa!**
