THE NHI DECEPTION

**IT IS ALL ABOUT WORLDWIDE TOTALITARIAN
CONTROL AND DEPOPULATION**

**The 'Healthcare' system is being used by the
globalists to unfold their deadly agenda**

Stajovic

What most people fail to see is that the current healthcare system is not a real healthcare system but an *artificial healthcare system* developed and deployed by the globalists to *disempower and depopulate* humanity and to generate untold profits for themselves. The globalist technocrats took over control of 'healthcare' a long time ago. The NHI will make no difference. It is merely a *funding mechanism*. People are still going to be offered harmful and deadly allopathic medicine and will continue to be disempowered and depopulated. And those who are willing and active participants in this diabolical system are complicit in the *unfolding global depopulation and enslavement agenda*

Dr. Faiez Kirsten

Global technocracy is corporate communism on steroids and the NHI is part of the implementation of this communist agenda here in South Africa. It is the complete takeover and centralized control of the healthcare system within the country as part of the takeover and centralized control of healthcare worldwide through the WHO.
