What's Really In SA CSE Program. Shocking DA "Diversity" Assault On Schools!

Family Policy Institute (FPI) has just four weeks left in 2022 to reach as many parents and educators as possible with the facts about the dangerous sexual indoctrination embedded in ["Comprehensive Sexuality Education"](#) (CSE) and the safe alternative, ["Smart Choices."](#)

Our allies in the *"Protect Children SA"* coalition conducted an extensive investigation into the content of the CSE curriculum currently being

implemented in South Africa's public schools.

We will reveal the *"Harmful Content in the SA CSE Program"* next week (22 Nov) to accurately inform and equip parents and educators with the facts to protect innocent children from harm.

The agenda to manipulate the education system to sexualize innocent children has shifted into high gear. Education is the new battle-ground for Ideological and sexual indoctrination.

Please view and share this [shocking video](#) in which Sharon Slater exposes the origins and global agenda of CSE with specific focus on the sexual rights agenda targeting African children.

The DA led Western Cape Education Dept (WCED) outsourced its *"diversity intervention"* program to an organization that reportedly [traumatised children](#) at 'Fish Hoek High' in Cape Town. The *"diversity consultant,"* Asanda Ngoasheng ordered teachers out of the school-hall and forced students to sit through two hours of radical racial and sexual indoctrination.

Ngoasheng read a "poem" to students that included, *"For all we know the disciples could have been queer, the Holy Trinity some weird, twisted love triangle, and the Holy Spirit transgender."* She also claimed, *"Black people can never be racist"* implying only White people are.

The DA's WCED is attempting to out-woke the ANC's Dept of Basic Education's ["gender inclusive" policies](#) by proposing gender-neutral bathrooms and uniforms in schools, and [abolishing gender specific pronouns](#) to make schools more "inclusive" and "supportive" for LGBTQ learners.

These godless and anti-family draft guidelines appear to completely invalidate the religious beliefs and convictions of Christian students

including their biological reality and do nothing to include or support the safety, dignity and values of religious students in public schools.

The DA led 'City of Cape Town' proudly launched Cape Town's first ["rainbow pedestrian crossing"](#) and appear to be resurrecting the *"pink route"* reminiscent of its controversial and ill conceived plan to declare Cape Town the ["gay capital" of Africa](#) – which I exposed in 2001.

CSE and SOGI are global tools devised by foreign sexual rights radicals to bypass parental authority and sexualize innocent children in the public schooling system. The programs are driven and implemented by UN agencies like UNESCO, UNICEF, UNFPA and the WHO.

FPI is working diligently with its allies to warn parents and educators about this diabolical agenda. The facts, soon to be revealed in the *"Harmful Content in SA CSE Program"* exposes the perversion embedded throughout the CSE program to specifically indoctrinate children with abortion and LGBTQ propaganda. Parents, grandparents and Pastors, we must stop this now!

Thankfully, CSE and SOGI programs are NOT compulsory. That's why

the eminently qualified educationalist, Dr Darleen Edwards-Meyer developed the safe, common-sense sexuality education curriculum, “*Smart Choices*” as a credible SA developed alternative to CSE/SOGI.

FPI launched the “[*Protect Children SA*](#)” initiative to reach hundreds of thousands of parents and educators with the facts about the dangers of CSE and the safe alternative, “*Smart Choices*” - via targeted paid advertising on social media. We have already reached tens of thousands of citizens.

Support the “*Protect Children SA*” campaign by sharing the videos & articles exposing harmful CSE content widely. Please also donate to help fund this vital initiative.
